

## SOUTH BEND PASTOR ELECTED TO OFFICE

Rev. T. J. Parsons Chosen Clerk of Northern Indiana Baptist Association.

News-Times Special Service: ELKHART, Ind., June 3.—The Northern Indiana Baptist association Friday afternoon unanimously ratified the nominating committee's selection of the following officers:

Moderator — Rev. H. E. Wilson, Gary.

Clerk—Rev. T. J. Parsons, South Bend.

Treasurer—Prof. Roy McClellan, Michigan City.

Trustees (re-elected for three years) — Thomas Freeman, South Bend; B. F. Schrock, Goshen; E. O. Rathbun, Hammond.

The sessions, which began Thursday afternoon and continued over Friday night, have been attended by more than 150 delegates, who have expressed themselves as much pleased with the program and the hospitality accorded them here.

The closing session Friday night was given over to a young people's rally. A roll call of young people's societies was made. The principal addresses were made by Rev. P. A. McDiarmid, an African missionary, who gave "A Message From the Fire Line," and Rev. Ambrose M. Bailey, who talked on "Personal Magnetism."

The following interesting statistics concerning the association were made public: Number of churches in association, 15; total number of members, 3,623; total valuation of church property, \$338,000; total amount paid out for pastors' salaries, \$11,173; baptisms, 226; other additions, 154; Sunday school enrollment, 3,261; amount raised for missions, \$4,256.

At the noon-day luncheon of the workers in the Elkhart County Anti-Tuberculosis society's campaign Friday Arthur J. Strawson of Indianapolis, secretary of the state anti-tuberculosis society, suggested that the society, in formulating its plans for the care of patients, cooperate with the St. Joseph county society in making use of the latter's sanitary.

Mr. Strawson told of the immense cost of equipping and maintaining such an institution and declared that inasmuch as the St. Joseph county society would welcome cooperation, the Elkhart county patients could be treated at a minimum of cost.

Mr. Strawson brought with him a number of films showing the effects of tuberculosis and the great work that was being done to cure and prevent the spread of the dread disease.

One of the pictures shows the McCormick open air school in Chicago in operation. At the Buckle Friday night a film story, "The Price of Human Lives," was among the offerings. This picture vividly portrays conditions, prevention and treatment, as does "The Temple of Moloch," a film drama.

Major F. E. Smith also gave an interesting address at the meeting. He told of the futile effort and money expended to cure his son, Harry, of the disease and regretted that there was not some similar movement on foot at that time.

Miss Maudie Essig, superintendent of the General hospital, told of her experience with tuberculosis and also of her experience as a solicitor in the campaign.

Miss Margaret Wilson, who is one of the heads of the county movement, stated that no report of receipts would be given out before Saturday or Monday.

Of 129 arrests made by the police in May, 43 were for intoxication, according to the report of Serst. Whiteman for the month. This is the smallest number of arrests in May for this cause since 1912, when

the number was but 19 out of a total of 71. Last year the figures were 102 and 45; in 1914, 122 and 58, and in 1913, 86 and 45. The lowest number for May in the last nine years was in 1910, when the figures were 50 and 11.

John Barnhart, who conducts a boat livery at Osceola, rented a boat to a stranger Thursday afternoon, and when he later found the boat anchored in the middle of the St. Joseph river just above the county line bridge, he notified Township Trustee Beauregard Hefner, who in turn notified the Elkhart police.

Officers Wise and Wooley left for Osceola in the patrol wagon to drift the river if thought necessary.

Sergt. Whiteman called the Osceola constable, who made inquiries and reported that a stranger, short and heavy set, who spoke brokenly, hired the boat yesterday to go fishing.

It was unofficially reported that Barnhart found a bottle of laudanum in the boat, along with some fish poles.

In this serious dramatic role he shows the historic value of years of stage craft and portrays the character perfectly. The main theme of

## DEAF GIRL CAN SING

Columbus Woman Reported to Be Successful With Experiment.

COLUMBUS, O., June 3.—Teaching a deaf person to sing, a feat hitherto generally considered impossible, has been accomplished by Mrs. Christian Born, wife of a Columbus brewer, after weeks of experimenting with Magdalene Sattler, an 18-year-old Cleveland student at the state school for the deaf here, according to announcement Friday.

Miss Helen Keller of New York, the eminent deaf and blind student, is in Columbus for the purpose of testing out Mrs. Born's new process. Thomas A. Edison, the inventor, is said to be interested. Mrs. Born's experiments to prove her theory that the sense of hearing is not altogether essential in singing have been conducted in secret for several months, but were not made public until today.

The new teaching method consists of facial expressions accompanied by piano tones, which the student cannot hear. To date the Cleveland girl has mastered more than an octave of notes, enough, scientists say, to prove that the new method is a success.
